

Hey Everyone,

I actually spoke on the phone with Mom and Dad today!!! I was so excited. They will be able to check email for about a week so now would be a GREAT time to send them a message. They also have a new skype address. (see below)

"We now have skype, but also a new address (don.judy.moore)."

They are doing well and are in Tahiti for I think a week or so. They told me specifically but I was so excited to hear from them I missed a few things :) Rob hasn't left yet due to a strike within the airport or something but will fly out as soon as that is over. Mom says everything is so beautiful on all the islands they've been to and wish they could share it with everyone. I'm gonna see if she can either print pictures or make a cd and get it to me with a package she is sending.

Well, I have to go but dont forget to get those emails to them in the next few days. They would love to hear from you all. I do forward messages to their email that you all send but it getting ones now would be great.

Take care all
kelly
